Lab Ref. No: 67/CMRL/2023

Date: 03/11/2023

Attention: To all Consultants and Contractors
Subject : Workshop Invitation on Sustainable Materials

Dear Esteemed Consultants and Contractors,

On behalf of Fujairah Municipality, the Construction Materials Research Laboratory Department extends a warm invitation to you for our upcoming training workshop on the topic of "**Sustainable Materials.**" This workshop will take place at the Knowledge and **Innovation Center on Thursday, November 13, from 9:00 a.m. to 12:00 noon.** We have organized this event to delve into several crucial topics, including:

- A Inspection of ready-mix factories within and beyond the emirate.
- B Inspection of fresh concrete.
- C Inspection of block factories.
- D Inspection of private laboratories.

During this workshop, we will provide a comprehensive overview of the inspection service application process and address any inquiries you may have. We will cover various aspects, such as how to submit inspection requests, obtain no-objection certificates, and outline the key criteria used to evaluate both ready-mix factories and block factories.

Your participation and engagement in this workshop are highly valued, and we anticipate a productive and insightful session that will enhance our collective understanding of sustainable materials and their applications in construction. Should you have any questions or require further information, please do not hesitate to reach out to us. We look forward to your presence at this event.

Thank you for your attention, and we sincerely appreciate your continued support.

Best Regards,

Head of Department (Construction Materials Research Laboratory (CMRL))
